PROFESSIONAL SUMMARY

Software Engineering student in an accelerated BS/MS program with over a year of hands-on experience delivering Tier 1 technical support and customer service across hardware, software, and account management. Skilled in troubleshooting, technical documentation, and communicating solutions clearly to non-technical users. Comfortable multitasking in fast-paced environments, handling transactions accurately, and learning new systems quickly. Seeking a role where strong problem-solving, communication, and organizational skills are valued.

RELEVANT SKILLS

- Technical Support: troubleshooting hardware/software, technical documentation, account management (2FA, password resets)
- Customer Service: front-desk/phone/remote support, conflict resolution, high-volume service environments
- Transaction & Records Management: cash and card transactions, ticketing/CRM systems (TeamDynamix), accurate data entry
- Technical Skills: Python, C#, C++, Unity, Visual Studio, Microsoft Office
- Core Strengths: Attention to detail, multitasking, dependability, adaptability, clear verbal and written communication

EXPERIENCE

ITS Helpdesk Student Technician *July 2025 – Present*
University of Michigan-Flint, Flint, MI

- Delivered Tier 1 technical support to students, faculty, and staff, covering hardware, software, and AV equipment across campus.
- Administered account management tasks including 2FA setup and password resets, logging and tracking requests through TeamDynamix.
- Provided both in-person and remote support, consistently prioritizing fast, user-friendly resolutions.
- Communicated technical solutions clearly to non-technical users, resolving issues efficiently while multitasking a high volume of requests.

Desk Assistant *August 2024 – November 2025*
University of Michigan-Flint, Flint, MI

- Served as the first point of contact for residents and guests, managing check-ins, package distribution, and general inquiries with a customer-first approach.
- Resolved minor conflicts and complaints independently, maintaining professionalism and accuracy under pressure.
- Maintained security protocols and accurate records in a fast-paced, high-traffic environment.

Crew Member *June 2024 – August 2024*
McDonald's, Flint, MI

- Assisted customers with orders and inquiries in a high-volume, fast-paced setting, operating POS systems and handling cash with speed and accuracy.
- Followed food safety and operational guidelines consistently, supporting a strong attendance and reliability record.

Crew Member *May 2022 – June 2024*
Tim Hortons, Flint, MI

- Processed cash and card transactions accurately across counter and drive-thru operations, maintaining speed and accuracy during high-volume periods.
- Delivered consistent, friendly customer service, handling routine and non-routine inquiries with professionalism.

PROJECTS

- Portfolio (i-am-djordan.com): Developed and maintained a personal portfolio site showcasing programming projects and technical work built during coursework and independent study.

EDUCATION

University of Michigan-Flint, Flint, MI
B.S. in Software Engineering (BS/MS Accelerated Program) — Expected December 2027 (B.S.); Expected May 2028 (M.S.)
